WORK EXPERIENCE

Associate Software Engineer

Geecon Systems Pvt. Ltd.

04/2021 - Present

Mumbai

Achievements/Tasks

- Collaborated cross-functionally to identify and resolve bugs, optimizing project functionality.
- Managed and trained developers, ensuring adherence to best practices and timely issue resolution.
- Documented technical workflows in a private wiki for streamlined onboarding and knowledge sharing.
- Provided comprehensive project reports and milestone updates to the manager weekly.
- Contributed to design assessments, code reviews, and brainstorming sessions.
- Involved in all stages of the systems development lifecycle, from requirement gathering to production releases.

Trainee Software Engineer

Geecon Systems Pvt. Ltd.

09/2019 - 04/2021

Mumbai

Achievements/Tasks

- Developed clean, tested code for diverse projects using HTML5, CSS3, JavaScript, and Bootstrap.
- Designed and implemented UI elements including navigation and animations with Bootstrap and jQuery UI.
- Utilized PHP and jQuery to establish MVC structure for efficient data handling.
- Ensured responsive layouts and seamless frontend-backend communication.
